

Jilin Songjiang Project Services

at your service

www.jlsjpipe.com

Your Best Partner

- With more than 20-years industrial know-how and experience in HDPE pipeline. We focus on joint technology for pipe system.
- We offer a complete range of HDPE fittings and fusion equipments that ensure each joint is smart, superior, reliable and safe.
- Beyond being a fitting and fusion equipment manufacturer, We offer project service to gas, water supply, sewage, irrigation and so on.
- We are dedicated to be a specialist in joint solution in this area.

Applications

- Gas
- Sewage
- Irrigation
- Water
- Drainage
- Other special application areas

Major Business

Jilin Songjiang The Equipment of Plastic Channel Co., Ltd

HDPE fitting & fusion equipments production base

Yi Tong Plastic Pipe Co., Ltd.

HDPE plastic pipe production base

Jilin Ipipe Collection Co., Ltd.

Plastic products exportation & importation

Tongli Trenchless Technology Project Co., Ltd.

Pipe installation and repair project

Way to Successful Project

- Good Relationship with Gas/water Company
- Good Material & Equipment Supplier
- Professional Construction Team

Good Material Supplier

Pipe:

Size range from 20mm to 630mm

Fitting:

Full Range HDPE fitting

Non-Standard HDPE fitting design
& production

*We are making the fitting not only
connect but also think.*

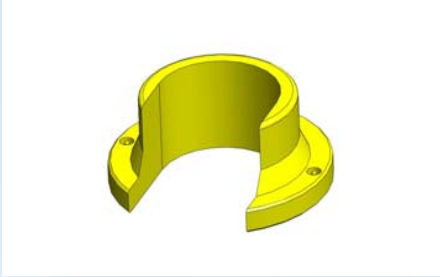

The  Channel

FITT·E

Make FITT·E Think

Non-standard Fitting

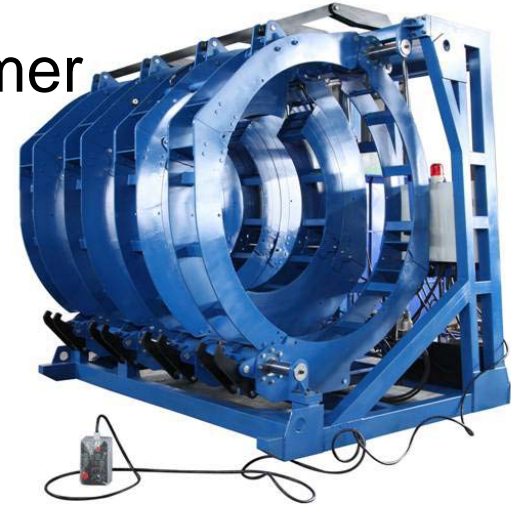

Good Fusion Equipment Supplier

- Butt Fusion Machine (from Dn32 to Dn1200)
- Electro Fusion Machine (from Dn20 to Dn400)
- Socket Fusion Kits(from Dn20mm to Dn160mm)
- Other Fusion Tools(Debater, Scrapping Tool...)
- Non-standard Fusion Machine Design & Production

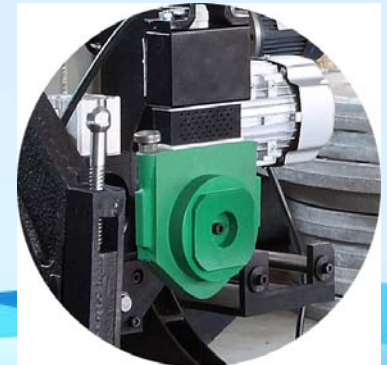

Non- Standard Fusion Equipments

- 2 Meter Butt Fusion Machine for Chile Customer

- Special Saddle Fusion Machine for Holland Customer

Professional Construction Team

- *Capability of preparing the tender documents*
- *Capability of organizing & managing the construction team*
- *Capability of training the operators for fusion & trenchless guidance*
- *Capability of handling emergency*
- *Capability of handling difficult joint*

Training

We are the authorized training center for fusion machine operation.

All workers in the construction site must possess the certificate issued by the training center.

Trenchless Tech

- Trenchless technology, as the name implies, stands for subsurface construction works where fewer trenches or no continuous trenches are required to be dug.
- It is a rapidly growing sector of the construction and civil engineering industry.
- It can be defined as a family of methods, materials, and equipment capable of being used for the installation of new or replacement or rehabilitation of existing underground infrastructure with minimal disruption to surface traffic, business, and other activities.
- We are specialist in providing trenchless solution for pipe / cable installation and pipe rehabilitation without open cut.

Construction Example-Gas

2009 JinfengDong Street Gas Pipe Installation
Diameter:Dn200mm PE80 SDR11
Total length:378.1 Meter

Construction Example-Water

2009 Pipe Installation

Diameter:Dn1200mm PE80 SDR11

Total length:378.1 Meter

Contractor: ***Tongli Trenchless Technology
Project Co., Ltd.***

Construction Example-Communication

2009 Pipe Installation

Diameter:Dn1200mm PE80 SDR11

Total length:378.1 Meter

Contractor: ***Tongli Trenchless
Technology Project Co., Ltd.***
